Sharps

Home User Disposal Program

Why do we need a Sharps Disposal program?

Thousands of people use needles or “sharps” in their homes to care for their health or the health of a family member. Sharps must be disposed of properly to protect people from life-threatening infections.

The Florida Department of Health in Duval County offers a disposal program to give private residents a safe way to dispose of used sharps.

How to dispose of used sharps:

1. Purchase an approved sharps container from a local pharmacy or discount store.
2. Throw away used sharps in the approved container.
3. Only fill the sharps container 3/4 full. Secure the lid with tape.
4. Drop off the sharps container at one of our convenient locations.

Sharps Container Collection Sites

Once your sharps container is 3/4 full and the lid is secured, bring it to one of the following locations between 8:00 a.m. and 5:00 p.m.
