

HIV CARE SERVICES

Peer Navigator Program

Someone who is living successfully with HIV, and “knows the ropes,” will assist you for a few months.

Case Management Program

This program helps people access HIV-related medical services and can assist you with housing, food and other every day needs.

Health Education

You can request to speak with a Health Educator and ask any questions you have.

Counseling

HIV Care Now has Mental Health Counselors available to support you.

Support Groups

HIV Care Now has several support groups. There are groups for women only, men only, and men and women.

Dental Care

You can be connected to a Dental Clinic if you qualify for Ryan White assistance.

Medication Education

A Medication Adherence Educator can help you understand all the medications you are taking.

Programs are available to assist with paying for medications and/or insurance premiums.

CASE MANAGEMENT

HIV case managers provide and coordinate HIV/AIDS support services such as:

Medical care

Medication

Mental health

Other HIV-related services

Case managers can also help you with HIV-related emergencies.

There is no charge for case management.

RYAN WHITE PROGRAM

The Ryan White Program assists people living with HIV/AIDS who are uninsured or underinsured. It provides funds for primary medical care and essential support services that are crucial for people living with HIV/AIDS.

Who can get help from Florida's Ryan White program?

- To receive assistance, you need to:
- > Live in Florida
 - > Be HIV positive [+]
 - > Meet program's financial eligibility guidelines

What do I need to establish Financial Eligibility?

1. Proof of household income (yourself, spouse, and children over 18 years), or statement of support
2. Proof of health insurance (verification on company letterhead if employer does or does not offer)
3. Proof of HIV status (HIV test or detectable viral load results)
4. Photo identification
5. Social Security card

ADAP PROGRAM

AIDS Drug Assistance Program (ADAP) provides HIV-related prescription drugs to individuals with limited or no prescription drug coverage.

In order to enroll in Florida ADAP Program, follow these steps:

1. Apply for Eligibility.
2. Schedule your ADAP appointment.
3. Enroll in ADAP.
4. Get your prescriptions filled.

Please bring the following to ADAP appointments:

1. Current labs (CD4 & viral load)
2. Current prescriptions

Please call 904-253-1040 for more information or an appointment.
