

# 2016 Duval County Community Health Status Assessment

## Fact Sheet

### Background

- The purpose of this fact sheet is to provide a high level summary of the 2016 Duval County Community Health Status Assessment (CHSA).
- The CHSA provides quantitative data on health status, quality of life, and risk factors. The CHSA is one of four assessments that together provide a comprehensive picture of the health status of our community.
- Conducting a CHSA answers the following questions:
  - How healthy is the community?
  - What does the health status of the community look like?

\*Additional data from the CHSA is available upon request. Please contact Dr. Kristina Wilson at [kristina.wilson@flhealth.gov](mailto:kristina.wilson@flhealth.gov).
