

To protect, promote & improve the health of all people in Florida through integrated state, county & community efforts.

Joseph A. Ladapo, MD, PhD
State Surgeon General

CONSENT TO CARE BY PROFESSIONAL IN TRAINING

The care providers in training include residents (doctors who are receiving additional training), nurses, pharmacists, nutritionists, and other professionals. These professionals are not Department of Health employees but have had experience and training in their fields before serving the community at our facilities. We request that you consent to receive the care offered by these health care professionals.

CONSENT

I acknowledge that this consent is valid for **one year** from the date of signature. I may revoke my consent in writing at any time.

Department of Health witness _____ Date: _____
