

Finding & treating cancer early is important. It can be the difference between life & death.

The Florida Breast and Cervical Cancer Early Detection Program can help. It provides cancer screenings to eligible women.

SERVICES PROVIDED:

Breast and cervical cancer screenings (mammograms, Pap tests and clinical breast exams)

Diagnostic exams (as needed)

Outreach and public education

WHO IS ELIGIBLE?

To be eligible, a woman must meet these requirements:

Be a Florida resident.

Be 50–64 years of age **OR**

Be 40–49 years of age with a family history of breast cancer (in a first-degree relative: parent, brother, sister or child) or

Symptomatic women who are underage may be eligible if no other resources are available in their area.

Have no health insurance to cover the cost of clinical breast exams, mammograms or Pap smears.

Have a household income less than or equal to 200 percent of the poverty level.

Early detection is the key to successful treatment.

Please call us right away if you have new breast pain, breast lumps, nipple discharge or other changes.

HOW TO APPLY

Contact us to get an application form. We will review your application and let you know if you qualify. If so, we will make your appointments for breast and cervical cancer screenings and other needed tests.

COST AND INSURANCE

We will pay for most services you receive if you are eligible; however, there may be some shared costs.

Treatment may be paid by Medicaid.
