WHY DO WE NEED A SHARPS DISPOSAL PROGRAM?

Thousands of people use needles or “sharps” in their homes to care for their health or the health of a family member. Sharps must be disposed of properly to protect people from life-threatening infections.

HOW TO DISPOSE OF USED SHARPS:

1. Obtain a free sharps container from one of the Florida Department of Health in Duval County Sharps Collection Sites or you may purchase a sharps container from a local pharmacy or discount store.
2. Throw away used sharps in the approved container.
3. Only fill the sharps container 3/4 full. Secure the lid with tape.
4. Drop off the sharps container at one of our convenient locations.
